

Vigorous Broadband Access

Vigor2104/2104p

DSL/Cable Routers

Economical Networking Solution for
Home or Small Business

Cost-effective, yet high-performance, the Vigor2104 series makes it quite possibly the most effortless solution for anyone to quickly connect computers to share a high-speed broadband Internet access.

Installation is extremely easy that you don't have to be a networking guru to get started in Internet. The convenient built-in print server and joyful entertainment along with the security of firewall protection are all combined in the Vigor2104 series router.

- Easy Internet Access via broadband technology for SOHO
- Wizard-based web user interface
- NAT Pass-through function
- Built-in Firewall to increase system security
- DDNS for users to have a free Domain Name
- Embedded UPnP (Universal Plug & Play) Internet gateway device
- Built-in print server(Vigor2104p only)
